# AREY'S POND BOAT YARD

## AREY'S CUSTOM BOATS

*Arey's Pond Boat Yard is the builder of the world-renowned A.P.B.Y. catboat. We offer a complete line of catboats, built right here on Cape Cod, including the 12' Kitten, the popular Racing and Club 14', the 16' Lynx and 16' Open designs as well as our 20', 22' and 24' Cruising Cats. Our boats are known around the world for their quality and elegance.*

# OUR DESIGNS

*From the establishment of the Arey's 14' to today's most popular design, the Open 16, Arey's has built and launched hundreds of vessels now sailing in all corners of the globe. Though we call Cape Cod home, our boats have bobbed and weaved through ports and harbors the world over.*

*Our 12', 14' and 16' catboats have a popular fiberglass hull option but all of our designs can be built in wood using traditional or more modern wooden boat building techniques. We pride ourselves in not only quality construction but customer experience. Once the building process has come to an end, and the champagne has been spilt, our work is not complete. We do more than build the vessel. We encourage, support and embrace the lifestyle around our boats and the beauty and culture they provide.*
